The Architectural Guidelines attached as Exhibit "D" to the Declaration are hereby amended to include the architectural guidelines set forth on Exhibit "A" to this Supplemental Declaration.

ARTICLE III
Amendment

2.1. By Declarant.

Until conveyance of the first Unit within the Additional Property to a Person other than a Builder, Declarant may unilaterally amend this Supplemental Declaration for any purpose. Thereafter, Declarant may unilaterally amend this Supplemental Declaration:

2021-02-15

(a) to modify the architectural guidelines set forth on Exhibit "A," so long as its power to amend the Architectural Guidelines is in effect under Section 4.3(a) of the Declaration; or

(b) if such amendment is necessary (i) to bring any provision into compliance with any applicable governmental statute, rule, regulation, or judicial determination; (ii) to enable any reputable title insurance company to issue title insurance coverage on the Units; (iii) to enable any institutional or governmental lender, purchaser, insurer or guarantor of mortgage loans, including, for example, the Federal National Mortgage Association or Federal Home Loan Mortgage Corporation, to make, purchase, insure or guarantee mortgage loans on the Units; or (iv) to satisfy the requirements of any local, state or federal governmental agency; or

(c) to submit additional property to the terms hereof, to reflect any revisions or amendments to the plats referenced on Exhibit "A" hereof, and, provided the amendment has no material adverse effect upon any right of any Owner without such Owner's consent in writing, for any other purpose, so long as Declarant owns any portion of or has the right to expand Summerwood pursuant to Section 9.1 of the Declaration.

Notwithstanding this reserved right, a revision or amendment to a plat shall not require an amendment to this Supplemental Declaration so long as no property is added or excluded from the plat by the revision or amendment thereto. Declarant reserves the right to record revised, amended, or additional plats that only affect internal boundaries between lots, combine lots, or subdivide lots shown on the original plat and, so long as they do not alter the overall property submitted to the Declaration by this Supplemental Declaration, such revised, amended or additional plats shall not necessitate an amendment to this Supplemental Declaration.

2.2. By Owners.

Except as otherwise specifically provided above, this Supplemental Declaration may be amended only by the affirmative vote or written consent, or any combination thereof, of Owners of more than 67% of the Units within the Additional Property and, so long as Declarant owns any Unit within the Additional Property, the consent of Declarant. In addition, the consent of the Board of Directors of the Association shall be required.

Notwithstanding the above, the percentage of votes necessary to amend a specific clause shall not be less than the prescribed percentage of affirmative votes required for action to be taken under that clause.

2.3. Validity and Effective Date.

No amendment may remove, revoke, or modify any right or privilege of Declarant or the Class "B" Member without Declarant's written consent or the consent of the Class "B" Member, respectively (or the assignee of such right or privilege).

If an Owner consents to any amendment to this Supplemental Declaration, it will be conclusively presumed that such Owner has the authority to consent, and no contrary provision in any Mortgage or contract between the Owner and a third party will affect the validity of such amendment.

Any amendment shall become effective upon Recording, unless a later effective date is specified in the amendment. Any procedural challenge to an amendment must be made within six months of its Recordation or such amendment shall be presumed to have been validly adopted. 1. Living Area Requirements and Setbacks. The total living area of the dwelling on each Unit shall not be less than 1800 square feet in the case of a one-story dwelling or 2100 square feet in the case of a two-story dwelling. No building or other improvements shall be located on any Unit nearer than five feet to an interior lot line, except that a detached garage or other approved accessory building may be located within three feet of an interior lot line. For purposes of this restriction, eaves, steps, and open porches shall not be considered as part of a residential structure.

2. Type of Construction. A minimum of 51% of the exterior wall area of all dwellings, exclusive of doors and windows, shall be masonry or brick veneer construction, unless a variance from this restriction is specifically approved in writing pursuant to Article IV. No garage or accessory building shall exceed in height the dwelling to which it is appurtenant without written approval of the Reviewer pursuant to Article IV. Every garage and accessory building shall correspond in style and architecture with the dwelling to which it is appurtenant. No structure of any kind or character that incorporates wood construction on the exterior shall be erected on any Unit unless such structure receives at least two coats of paint at the time of construction or the exterior is of redwood or cedar material.

3. Garages, Driveways, and Sidewalks. Each dwelling must have an attached or detached garage with an automatic garage door opener. Garage doors shall be kept closed when not in use for their intended purpose. Each Unit shall have a concrete driveway with a minimum width of 10 feet from the garage of the dwelling to the abutting street, including the portion of the driveway in the street easement, and the Owner shall repair at such Owner's expense any damage to the street occasioned by connecting the driveway thereto.

4. Rooftop Elements. All stack vents and attic ventilators shall be located on the rear slopes of roofs and mounted perpendicular to the ground plate. No solar collectors shall be allowed on any roof slope visible from a street or Common Area.
